Appointments

Our surgery operates using an appointment system. Please phone **(07) 5313 3277** for an appointment or book via our website: <https://tewantinmedicalcentre.com.au/online-appointment/>

A standard consultation is scheduled every 15 minutes which should be adequate to deal with one to two health issues. Please advise reception staff if you require a longer consultation or if you are making an appointment for employment or insurance medicals, procedures, or complex/multiple medical problems.

If you or a family member requires an interpreter service, we can organise this for you. Please let us know when you make the appointment.

Every effort will be made to accommodate your preferred time. However, emergencies will always be given priority. Your understanding is appreciated as demands on the doctors' time within each consultation and the need to see urgent cases as they occur may cause delays. Our reception staff will endeavour to inform you of any delay when you arrive. You are most welcome to call prior to your departure for your appointment to check whether the Doctor is running on schedule.

If you are not able to keep your intended appointment time, please phone our reception staff to arrange another time that is more suitable to your needs. Please give us as much notice as possible, so we can allocate that appointment time to another patient.
